Roof Evaluation & Sample Selection

\$250 per hour plus travel costs

Included: Full documentation of the roof, weather reports, sample selection, intake and hail size evaluation if needed.

IMPORTANT: You must provide your own roofer to repair the sample area.

Larger Projects: On larger projects that may have multiple buildings involved we will quote our pricing for that project specifically to ensure the pricing is fair for all parties involved.

*All samples will be destroyed or discarded 30 days after testing is completed at the discretion of the lab director or lab technicians. Please contact our lab before this 30 day period if you require your samples back. There is a \$100 fee, plus shipping and handling, on all returned samples.
